

Dear FCC;I benefit from listening to XM Satellite Radio and its traffic and weather channels. XM satellite radio provides variety and quality that are not available elsewhere. Since I pay for these services, this matter should not be up to the National Association of Broadcasters to dictate what I am permitted to hear. I respectfully urge the FCC to reject the NAB's petition 04-160 and support XM's ability to provide the kind of programming that I demand and deserve.

Thank you,
